California Department of Food and Agriculture

Agricultural Commissioners' Crop Reports

Colusa County

1982-1989

California County Agricultural Commissioners' Reports from the California Department of Food and Agriculture. This collection consists of annual crop and livestock data from each of the 58 California Counties. The collection covers 1915-1981; digitization of the rest of the collection is forthcoming.

This digitization project was funded by the Giannini Foundation of Agricultural Economics, <http://giannini.ucop.edu/>.

The work was completed by the staff of the Giannini Foundation Library, University of California, Berkeley, <http://are.berkeley.edu/library/>. **Please contact the Library to consult the originals.**

COLUSA COUNTY DEPARTMENT OF AGRICULTURE

1982

Mr. Clare Berryhill, Director
Department of Food and Agriculture &
The Honorable Board of Supervisors
County of Colusa

Gentlemen:

In accordance with the provisions of Section 2279, of the Agricultural Code, I am pleased to submit the Agricultural Crop Report of Colusa County for the Calendar year of 1982.

These figures show only gross values and do not reflect costs of production nor net income to the grower.

I wish to take this opportunity to express my sincere appreciation to all of those individuals, and to my staff, for their assistance in making this report possible. A special tribute to Jon Richter, who compiled this report.

Respectfully submitted,

Walter C. Disney, Jr.
Agricultural Commissioner

COLUSA COUNTY DEPARTMENT OF AGRICULTURE

1983

Mr. Clare Berryhill, Director
 Department of Food and Agriculture &
 The Honorable Board of Supervisors
 County of Colusa

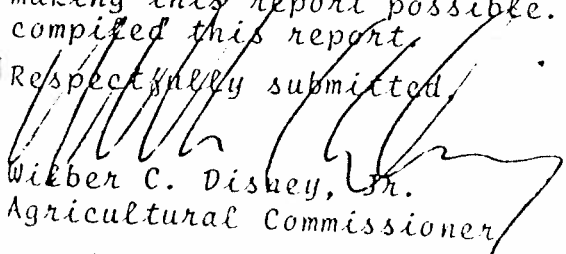

Gentlemen:

In accordance with the provisions of Section 2279, of the Agricultural Code, I am pleased to submit the Agricultural Crop Report of Colusa County for the calendar year of 1983.

The high participation in various Federal crop programs accounted for the idling of 113,000 acres of crop land in Colusa County in 1983. This and lower farm prices resulted in a 33% reduction in total crop values. These figures show only gross values and do not reflect costs of production nor net income to the grower.

I wish to take this opportunity to express my sincere appreciation to all of those individuals, and to my staff, for their assistance in making this report possible. A special tribute to Jon Richter, who compiled this report.

Respectfully submitted,

 Wilber C. Disney, Jr.

COLUSA COUNTY DEPARTMENT OF AGRICULTURE

Mr. Clare Berryhill, Director
Department of Food and Agriculture &
The Honorable Board of Supervisors
County of Colusa

1984

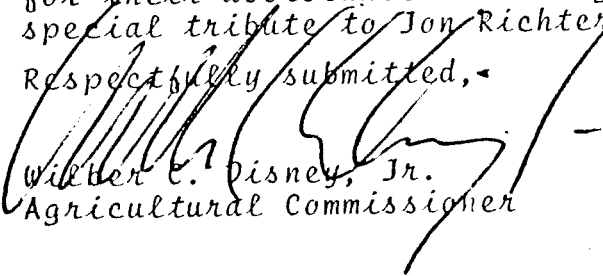

Gentlemen:

In accordance with the provisions of Section 2279, of the Agricultural Code, I am pleased to submit the Agricultural Crop Report of Colusa County for the calendar year of 1984.

These figures show only gross values and do not reflect costs of production nor net income to the grower.

I wish to take this opportunity to express my sincere appreciation to all of those individuals, and to my staff, for their assistance in making this report possible. A special tribute to Jon Richter, who compiled this report.

Respectfully submitted,

Wilber C. Disney, Jr.
Agricultural Commissioner

agricultural commissioner

County of Colusa

COLUSA COUNTY DEPARTMENT OF AGRICULTURE

Mr. Clare Berryhill, Director
Department of Food & Agriculture &
The Honorable Board of Supervisors
County of Colusa

1986

Gentlemen:

In accordance with the provisions of Section 2279, of the Agricultural Code, I am pleased to submit the Agricultural Crop Report of Colusa County for the calendar year of 1986.

These figures show only gross values and do not reflect costs of production nor net income to the grower.

I wish to take this opportunity to express my sincere appreciation to all of those individuals, and to my staff, for their assistance in making this report possible. A special tribute to Jon Richter, who compiled this report.

Respectfully submitted,

Wilber C. Disney, Jr.
Agricultural Commissioner
Colusa County

WCD/bm

COLUSA COUNTY DEPARTMENT OF AGRICULTURE

JUL 6 1988

COLUSA COUNTY DEPARTMENT OF AGRICULTURE

TO: Mr. Jack C. Parnell, Director
Department of Food & Agriculture
& The Honorable Board of Supervisors, Colusa County

1987

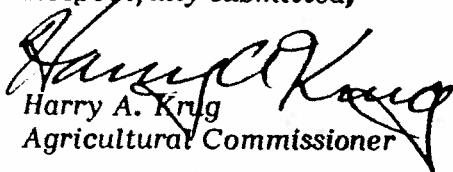

In accordance with provisions of Section 2279, of the California Food & Agricultural Code, I am pleased to submit the Colusa County Agricultural Crop Report. The 1987 production value of \$149,049,400 reflects a four year rise from a low of \$111,338,000 in 1983, but is over 25% below the record high of \$200,446,400 in 1980.

Prunes led the way by over doubling 1986 figures, in production and value, from 1.1 to 2.5 tons per acre and from \$4,007,000 to \$9,094,000. Rice continued it's decline in overall value from \$46,655,000 in 1986 to \$42,962,000 in 1987, eventhough acreage and production increased.

I must stress that the figures show only gross values and do not reflect costs of production nor net income to the grower.

I wish to thank everyone who contributed to this report. I also express appreciation to my staff and especially Jon Richter, Agricultural Inspector III, who compiled this report.

Respectfully submitted,

Harry A. Krug
Agricultural Commissioner

HARRY A. KRUG
AGRICULTURAL COMMISSIONER

JAN 25 1990

COLUSA COUNTY DEPARTMENT OF AGRICULTURE

TO: Mr. Jack C. Parnell, Director
Department of Food and Agriculture
and The Honorable Board of Supervisors, Colusa County

1988

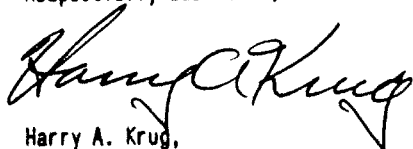

In accordance with the provisions of Section 2279, of the California Food and Agricultural Code, I am pleased to submit the Colusa County Agricultural Crop Report. The 1988 production value of \$162,146,700 continues to show a steady increase in value over the previous five years, but remains well below the record high for 1980 of \$200,446,400.

Rice produced the largest increase in value, from \$42,962,000 in 1987 to \$48,026,000 in 1988, due to more planted acreage and a slight increase in price. Wheat jumped to \$6,468,000 from \$3,910,000 in 1987 based on increases in acres, production and value. Cattle and calves; sugar beets and almonds also had increases in their overall value. Prunes, walnuts and non-certified seed crops showed declines in their overall 1988 figures as compared to 1987.

I must stress that these figures show gross values only and do not reflect a net return to the grower.

I wish to thank everyone who contributed to this report. I also express appreciation to my staff and especially Jon Richter, Agricultural Inspector III, who compiled this report.

Respectfully submitted,

Harry A. Krug,
Agricultural Commissioner

Agricultural Crop Report

County of Colusa COUNTY, CA.

AGRICULTURAL COMMISSIONER

1989

ANNUAL REPORT, CROP STATISTIC

HARRY A. KRUG
AGRICULTURAL COMMISSIONER

COLUSA COUNTY DEPARTMENT OF AGRICULTURE

TO: Mr. Henry J. Voss, Director
California Department of Food and Agriculture
and The Honorable Board of Supervisors, Colusa County

1989

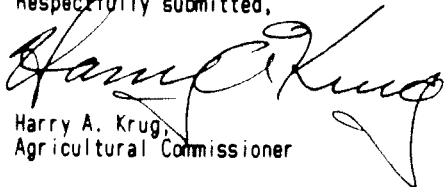

In accordance with the provisions of Section 2279, of the California Food and Agricultural Code, I am pleased to submit the Colusa County Agricultural Crop Report. The 1989 production value of \$227,261,000 is a new record high for Colusa County. The previous record of \$200,446,400 was set in 1980. Part of the record value increase was as a result of the inclusion of the government subsidy payment in determining the total value of 1989 rice production.

Tomatoes produced the largest percentage increase in value from \$18,691,000 to \$29,213,000, at 56.3%. This was based on increased acreage, production and price. Rice jumped from \$48,026,000 to \$87,224,000 due to the government subsidy as well as increased production. Wheat also continued its rise in value over previous years with acreage, production and price all higher than in 1988. Only livestock production experienced a slight decline in total value due to a decrease in the number of head of sheep and lambs.

I must stress that these figures show gross values only, and do not reflect a net return to the grower.

I wish to thank everyone who contributed to this report. I also express appreciation to my staff and especially to Jon Richter, Agricultural Biologist and Standards Officer III, who compiled this report.

Respectfully submitted,

Harry A. Krug,
Agricultural Commissioner

COLUSA COUNTY DEPARTMENT OF AGRICULTURE
