California Department of Food and Agriculture

Agricultural Commissioners' Crop Reports

# Humboldt County

2002-2004

(Gross crop values  
only 2000-2001)

California County Agricultural Commissioners' Reports from the California Department of Food and Agriculture. This collection consists of annual crop and livestock data from each of the 58 California Counties. The collection covers 1915-1981; digitization of the rest of the collection is forthcoming.

This digitization project was funded by the Giannini Foundation of Agricultural Economics,  
<http://giannini.ucop.edu/>.

The work was completed by the staff of the Giannini Foundation Library, University of California, Berkeley, <http://are.berkeley.edu/library/>. **Please contact the Library to consult the originals.**

Jimmy Smith, Chairman, First District  
 Roger Rodoni, Second District  
 John Woolley, Third District  
 Bonnie Neely, Fourth District  
 Jill Geist, Fifth District

I am pleased to present Humboldt County’s Crop and Livestock Report in accordance with Sections 2272 and 2279 of the California Food and Agricultural Code. The following summary represents gross agricultural receipts for the year 2002 but does not reflect production costs or net income to the producers.

The County’s total gross value of agricultural production is \$235,251,400, which is a decrease of 21.66% from last year. Negative economic factors affected our livestock and dairy producer’s gross receipts, however, our greatest decrease is related to the value of harvested timber. Humboldt County, nevertheless, continues to be ranked first in the state for timber production. Most other commodity groups reported gains over last year. Our leading agricultural commodities are ranked as follows.

<b>Timber Production</b> .....	<b>\$</b>	<b>134,963,400</b>
<b>Nursery Stock (cut flowers, ornamental and forest tree production)</b> .....	<b>\$</b>	<b>35,321,300</b>
<b>Milk and Milk Products</b> .....		<b>\$</b>
<b>31,738,400</b>		
<b>Livestock (beef cattle &amp; calves, dairy cows, Sheep &amp; lambs, etc.)</b> .....	<b>\$</b>	<b>22,579,750</b>
<b>Field Crops (alfalfa, silage, range, etc.)</b> .....	<b>\$</b>	<b>8,977,650</b>
<b>Vegetable Crops</b> .....	<b>\$</b>	<b>987,800</b>
<b>Fruit &amp; Nut Crops</b> .....	<b>\$</b>	<b>683,100</b>

A word of personal thanks goes to my office staff, the County’s Agricultural Industry, participating agencies and to those individuals whose expertise and cooperation made this report possible.

Respectfully submitted,

John E. Falkenstrom  
 Agricultural Commissioner

JEF:lp

**PEST EXCLUSION** involves the systematic inspection of incoming shipments of plant materials and other high risk articles which enter Humboldt County at post offices and other terminals (truck lines, United Parcel, air freight, and commercial vessels, etc.). The primary objective is to prevent the introduction into Humboldt County of plant diseases, insects, nematodes, weeds or vertebrate pests which are or could prove to be detrimental to the local and state agricultural industry and natural environment.

### PEST EXCLUSION

No. Inspections	2002 9,180	METHOD OF CONVEYANCE	2002 No. Rejections 44*
WILD GARLIC (Allium vineale)		UPS/Postal Shipments	1
CERTIFICATION/LABELING VIOLATIONS		UPS/Postal Shipments/FedEx	36
VARIOUS PLANT PESTS		UPS/Postal Shipments/FedEx	2
NOXIOUS WEEDS		UPS/Postal Shipments	5

\* Shipments rejected and/or destroyed.

**PEST DETECTION** activities are focused on the search for pests which are not known to exist in the State or are of limited distribution throughout California. Detection trapping activities are conducted locally for insect pests such as Gypsy Moth and Japanese beetle. In addition, field surveys are continually being conducted throughout Humboldt County in order to locate and identify noxious weeds, plant diseases and vertebrate pests.

### PEST DETECTION

TYPE	INSECT TRAPS	NO. SERVICINGS 2002
Gypsy Moth	200	1,000
Glassy-Winged Sharpshooter	23 (inspections)	
Japanese Beetle	10	50

**HUMBOLDT COUNTY  
2002 SUSTAINABLE AGRICULTURE REPORT**

The implementation of agricultural practices and programs which promote the economic viability of agriculture while minimizing the impacts of these practices and programs on natural resources and the environment is sustainable agriculture. The scope of Humboldt County's biological control programs and organic farming practices are summarized below.

**COUNTY BIOLOGICAL CONTROL**

PEST	AGENT/MECHANISM	2002
<b>TANSY RAGWORT</b> (Senecio jacobaea)	Ragwort flea beetle (Longitarsus jacobaeae)	4 sites
<b>YELLOWSTAR THISTLE</b> (Centaurea solstitialis)	Seed-head weevil (Bangasternus orientalis)	14 sites
	Gall fly (Urophora sirunaseva)	5 sites
	Hairy weevil (Eustenopus villosus)	24 sites
<b>KLAMATH WEED</b> (Hypericum perforatum)	Leaf & root weevil (Chrysolina quadrigemina) (= C. gemellata)	Countywide
<b>BULL THISTLE</b> (Crisium vulgare)	Bull Thistle Gall Fly (Urophora stylata)	9 sites
<b>CANADA THISTLE</b> (Cilsium arvense)	Gall Fly (Urophora cardui)	2 sites
<b>ITALIAN THISTLE</b> (Carduus pycnocephalus)	Seed weevil (Rhinocyllus conicus)	1 site

DEPARTMENT OF AGRICULTURE  
COUNTY OF HUMBOLDT

5630 SOUTH BROADWAY EUREKA, CALIFORNIA 95503  
PHONE (707) 441-5260

**Mr. A. G. Kawamura, Secretary**  
California Department of Food and Agriculture  
and  
**Honorable Board of Supervisors, Humboldt County**

I am pleased to present Humboldt County's Crop and Livestock Report in accordance with Sections 2272 and 2279 of the California Food and Agricultural Code. The following summary represents gross agricultural receipts for the year 2003 but does not reflect production costs or net income to the producers.

Humboldt County recorded a value of \$262,818,000 for its total gross agricultural production in 2003. This represents an increase of \$27,570,600 over 2002 production. Despite some negative economic factors which affected our livestock and dairy producers, these segments both recorded gains this year; however, our greatest increases are related to the value of harvested timber which is up over \$13 million and milk & milk products which are up over \$11 million. Humboldt County continues to be ranked first in the state for timber production. All other commodity groups, except vegetable crops, also reported production gains. Our leading agricultural commodities are ranked as follows:

<i>Timber Production</i> .....	\$	<b>148,024,400</b>
<i>Nursery Stock (cut flowers, ornamental and forest tree production)</i> .....	\$	<b>35,858,600</b>
<i>Milk and Milk Products</i> .....	\$	<b>43,170,300</b>
<i>Livestock (beef cattle &amp; calves, dairy cows, Sheep &amp; lambs, etc.)</i> .....	\$	<b>24,872,700</b>
<i>Field Crops (alfalfa, silage, range, etc.)</i> .....	\$	<b>9,326,000</b>
<i>Vegetable Crops</i> .....	\$	<b>868,000</b>
<i>Fruit &amp; Nut Crops</i> .....	\$	<b>698,000</b>

A word of personal thanks goes to my office staff, the County's Agricultural Industry, participating agencies and to those individuals whose expertise and cooperation made this report possible.

Respectfully submitted,

*John E. Falkenstrom*

and

**Honorable Board of Supervisors, Humboldt County**

**Jill Geist, Chair**

**Bonnie Neely**

**Jimmy Smith**

**Roger Rodoni**

**John Woolley**

I am pleased to present Humboldt County's Crop and Livestock Report in accordance with Sections 2272 and 2279 of the California Food and Agricultural Code. The following summary represents gross agricultural receipts for the year 2004 but does not reflect production costs or net income to the producers.

Humboldt County recorded a value of \$295,296,200 for its total gross agricultural production in 2004. This represents an increase of \$32.5 million over 2003 production. Our greatest increases are related to the value of harvested timber, which is up over \$26 million and nursery production, which is up more than \$5 million. All other commodity groups, except livestock & poultry and field crops, reported production gains. Our leading agricultural commodities are ranked as follows:

<i>Timber Production</i> .....	\$	<i>174,456,900</i>
<i>Milk and Milk Products</i> .....	\$	<i>45,721,000</i>
<i>Nursery Stock (cut flowers, ornamental and forest tree production)</i> .....	\$	<i>40,793,400</i>
<i>Livestock (beef cattle &amp; calves, dairy cows, sheep &amp; lambs, etc.)</i> .....	.\$	<i>23,468,800</i>
<i>Field Crops (alfalfa, silage, range, etc.)</i> .....	\$	<i>9,261,100</i>
<i>Vegetable Crops</i> .....	\$	<i>880,700</i>
<i>Fruit &amp; Nut Crops</i> .....	.\$	<i>714,300</i>

A word of personal thanks goes to my office staff, the County's Agricultural Industry, participating agencies and to all whose expertise and cooperation made this report possible.

Respectfully submitted,

**John E. Falkenstrom**

John E. Falkenstrom  
Acting Agricultural Commissioner
