DEPARTMENT OF APPLIED ECONOMICS

UNIVERSITY OF MINNESOTA

The mission of the Department of Applied Economics is to serve Minnesota through academic excellence in education and research that is relevant to the needs of modern society. The thrust of the Department's efforts encompasses economic problems and policy alternatives related to: Environmental and Resource Economics; Food Systems; Growth, Development and Trade; and Public Sector Economics. Specific subareas include:

- Agricultural and Food Marketing
- Agricultural Finance
- Agricultural Prices
- Community Development
- Consumption Economics
- Economic Development
- Economics of Public Services
- Farm and Agribusiness Management
- International Trade
- Human Resources
- Labor Economics
- Land Use Planning
- Production Economics
- Public Policy
- Regional Economics
- Resource and Environmental Economics
- State and Local Organization and Finance

The programs of the Department of Applied Economics include:

- Undergraduate and Graduate Teaching
- Extension and Continuing Education
- Fundamental and Applied Research
- International Programs

Each faculty member engages in one or more of these complementary activities of the Department.

As a part of the education program of the Department, the staff periodically publishes research results, papers, and speeches. This portion of their work is indexed annually and catalogued so that it may be used as a reference for their projects and activities, and to make it more readily available to others. Also included are publications of former Department members where the publications are based on work conducted while at the University of Minnesota. This listing does not reflect all the educational research, teaching, or extension endeavors of the staff. Publications are indexed by author.

This list, plus lists from previous years are available on the Department of Applied Economics website at: <http://www.apec.umn.edu/ResearchandOutreach/waitelibrary/DepartmentalPublications/ListofDepartmentPublications/index.htm>.
