Since 1997.....

▲over 650 farms, 200 veterinarians, & 85k+ heifers

▲92 sales, 21k + heifers sold , & \$24+ mil. in gross sales

Tier 2 Heifers (new for fall 2009)

Heifers will be eligible to qualify for Tier 2 in the Show-Me-Select Replacement Heifer Program based on minimum accuracies of the maternal grandsire at the time of sale.

<u>Trait</u>	<u>Accuracy</u>
Calving ease (direct)	.65
Calving ease (maternal)	.30
Weaning weight	.75
Carcass weight	.20
Marbling	.20

Opportunities & Challenges

Enhanced data collection

- ❑ Need better feedlot productivity and performance data to understand cost advantages
- ❑ Need more observations
 - ▲ Need a vehicle by which to blow-up pilot study
 - ❑ Entity must coordinate pooling of calves and coordinating genetics/breeding

Producer interest in retaining ownership

- ❑ Sale barn mentality
 - ▲ Buyers willing to buy from sale barn, if the calves are identified

Skills

- ❑ Adoption of AI & access to large animal vets
