California Department of Food and Agriculture

Agricultural Commissioners' Crop Reports

San Mateo County

1951-1959

California County Agricultural Commissioners' Reports from the California Department of Food and Agriculture. This collection consists of annual crop and livestock data from each of the 58 California Counties. The collection covers 1915-1981; digitization of the rest of the collection is forthcoming.

This digitization project was funded by the Giannini Foundation of Agricultural Economics, http://giannini.ucop.edu/.

The work was completed by the staff of the Giannini Foundation Library, University of California, Berkeley, http://are.berkeley.edu/library/. Please contact the Library to consult the originals.

| Martin A. Poss | District #2 |
| William M. Werder | District #3 |
| Alvin S. Hatch, Chairman | District #4 |
| E. R. McDonald | District #5 |

Honorable Board of Supervisors, County of San Mateo.

and

A. A. Brock, Director, State Department of Agriculture.

Gentlemen:

In accordance with the provisions of Section 65.5 of the Agricultural Code of the State of California, I herewith submit to you a report of the acreage, production and value of agricultural products for San Mateo County for the year 1951.

This report brings together agricultural statistics of the county including floriculture, horticulture, livestock, truck crops and field crops, and income accrued to the growers during the year 1951. The value of these figures is based entirely on the accuracy of information given by many cooperators and their willingness to give this information, together with investigations and detailed surveys made by members of this Department's staff. The figures for value are based on the gross income to the grower.

The sources of information for the figures contained herein for acreage, average yields and prices have been furnished through the cooperation of growers, grower associations, shippers and produce dealers. The commodity prices used, in addition, were compared with Federal-State Market News Service quotations.

In submitting the report, we wish to express our appreciation to the many individuals, firms, official agencies and growers who have given information and otherwise helped us in this compilation.

Respectfully submitted,

Max. J. Leonard, Commissioner, Department of Agriculture,

San Mateo County.

and

A. A. Brock, Director State Department of Agriculture

Gentlemen:

In accordance with the provisions of Section 65.5 of the Agricultural Code of the State of California, I herewith submit to you a report of the acreage, production and value of agricultural products for San Mateo County for the year 1952.

This report brings together agricultural statistics of the county, including floriculture, horticulture, livestock, truck crops and field crops, and income accrued to the growers during the year 1952. The value of these figures is based entirely on the accuracy of information given by many cooperators and their willingness to give this information, together with investigations and detailed surveys made by members of this Department's staff. The figures for value are based on the gross income to the grower.

The sources of information for the figures contained herein for acreage, average yields and prices have been furnished through the cooperation of growers, grower associations, shippers and produce dealers. The commodity prices used, in addition, were compared with Federal-State Market News Service quotations.

In submitting the report, we wish to express our appreciation to the many individuals, firms, official agencies and growers who have given information and otherwise helped us in this compilation.

Respectfully submitted,

Max. J. Leonard, Commissioner Department of Agriculture

Max f. Leonard

and

W. C. Jacobsen, Acting Director State Department of Agriculture

Gentlemen:

In accordance with the provisions of Section 65.5 of the Agricultural Code of the State of California, I herewith submit to you a report of the acreage, production and value of agricultural products for San Mateo County for the year 1953.

This report brings together agricultural statistics of the county, including floriculture, horticulture, livestock; truck crops and field crops, and income accrued to the growers during the year 1953. The value of these figures is based entirely on the accuracy of information given by many cooperators and their willingness to give this information, together with investigations and detailed surveys made by members of this Department's staff. The figures for value are based on the gross income to the grower.

The sources of information for the figures contained herein for acreage, average yields and prices have been furnished through the cooperation of growers, grower associations, shippers and produce dealers. The commodity prices used, in addition, were compared with Federal-State Market News Service quotations.

In submitting the report, we wish to express our appreciation to the many individuals, firms, official agencies and growers who have given information and otherwise helped us in this compilation.

Respectfully submitted,

Max. J. Leonard, Commissioner

Department of Agriculture

San Mateo County

and

W. C. Jacobsen, Director State Department of Agriculture

Gentlemen:

In accordance with the provisions of Section 65.5 of the Agricultural Code of the State of California, I herewith submit to you a report of the acreage, production and value of agricultural products for San Mateo County for the year 1955.

This report brings together agricultural statistics of the county, including floriculture, horticulture, livestock, truck crops and field crops, and income accrued to the growers during the year 1955. The value of these figures is based entirely on the accuracy of information given by many cooperators and their willingness to give this information, together with investigations and detailed surveys made by members of this Department's staff. The figures for value are based on the gross income to the grower.

The sources of information for the figures contained herein for acreage, average yields and prices have been furnished through the cooperation of growers, grower associations, shippers and produce dealers. The commodity prices used, in addition, were compared with Federal-State Market News Service quotations.

In submitting this report, we wish to express our appreciation to the many individuals, firms, official agencies and growers who have given information and otherwise helped us in this compilation.

Respectfully submitted,

Max f. Second Commissioner
Department of Agriculture
San Mateo County

E. R. Stallings County Manager Honorable Board of Supervisors County of San Mateo

and

W. C. Jacobsen, Director State Department of Agriculture

Gentlemen:

In accordance with the provisions of Section 65.5 of the Agricultural Code of the State of California, I herewith submit to you a report of the acreage, production and value of agricultural products for San Mateo County for the year 1957.

This report brings together agricultural statistics of the County, including floriculture, horticulture, livestock, truck crops and field crops, and income accrued to the growers during the year 1957. The value of these figures is based entirely on the accuracy of information given by many cooperators and their willingness to give this information, together with investigations and detailed surveys made by members of this Department's staff. The figures for value are based on the gross income to the grower.

The sources of information for the figures contained herein for acreage, average yields and prices have been furnished through the cooperation of grovers, grover associations, shippers and produce dealers. The commodity prices used, in addition, were compared with Federal-State Market News Service quotations.

In submitting this report, we wish to express our appreciation to the many individuals, firms, official agencies and growers who have given information and otherwise helped us in this compilation.

Respectfully submitted.

Max J. Leonard, Commissioner

Department of Agriculture

San Mateo County

CROP REPORT

 V, \mathcal{T} .

COUNTY
of
SAN MATEO

1.9.5.9

San Mateo County Department of Agriculture

BAVIS

AIR 7 1960

LIBRARY

SAN MATEO COUNTY DEPARTMENT OF AGRICULTURE REDWOOD CITY, CALIFORNIA

MAX J. LEONARD AGRICULTURAL COMMISSIONER

ANNUAL CROP REPORT

For the year ending December 31, 1959

BOARD OF SUPERVISORS

Thomas J. Callan, Chairman District #1

T. Louis Chess District #2

William M. Werder District #3

Alvin S. Hatch District #4

E. R. McDonald District #5

E. R. Stallings County Manager Honorable Board of Supervisors County of San Mateo

and

William E. Warne, Director State Department of Agriculture

Gentlemen:

In accordance with the provisions of Section 65.5 of the Agricultural Code of the State of California, I herewith submit to you a report of the acreage, production and value of agricultural products for San Mateo County for the year 1959 with a comparison of the figures of 1958.

The method of compiling data in this report has been changed and enlarged over previous reports in order to follow an accepted form as agreed upon between the State Department of Agriculture and other counties.

This report brings together agricultural statistics of the County, including floriculture, horticulture, livestock, truck crops and field crops, and income accrued to the growers during the year 1959. The value of these figures is based entirely on the accuracy of information given by many cooperators and their willingness to give this information, together with investigations and detailed surveys made by members of this Department's staff. The figures for value are based on the gross income to the grower.

The sources of information for the figures contained herein for acreage, average yields and prices have been furnished through the cooperation of growers, grower associations, shippers and produce dealers. The commodity prices used, in addition, were compared with Federal-State Market News Service quotations.

In submitting this report, we wish to express our appreciation to the many individuals, firms, official agencies and growers who have given information and otherwise helped us in this compilation.

Respectfully submitted,

Max J. Leonard, Commissioner Department of Agriculture County of San Mateo

MJL/mcb 300-3/60
