California Department of Food and Agriculture

Agricultural Commissioners' Crop Reports

Yolo County

1964-1970

California County Agricultural Commissioners' Reports from the California Department of Food and Agriculture. This collection consists of annual crop and livestock data from each of the 58 California Counties. The collection covers 1915-1981; digitization of the rest of the collection is forthcoming.

This digitization project was funded by the Giannini Foundation of Agricultural Economics, http://giannini.ucop.edu/ .

The work was completed by the staff of the Giannini Foundation Library, University of California, Berkeley, http://are.berkeley.edu/library/ . **Please contact the Library to consult the originals.**

DEPARTMENT OF AGRICULTURE

COUNTY OF YOLO

Woodland, California

TO: The Honorable Charles Paul, Director
California Department of Agriculture

TO: The Yolo County Board of Supervisors
William E. Duncan, Chairman
J. W. McDermott — William W. Connor
J. Dudley Stephens — Sumner W. Combs, Sr.
Erwin W. Meier, County Executive
Woodland, California

Gentlemen:

We are pleased to present the 1964 Agricultural Crop Report in accordance with Section 65.5 of the California Agricultural Code. This report covers the acreage, average production and value of all agricultural crops produced in the county including livestock and livestock products.

As you read this report, may I remind you that the enclosed statistics are the gross value of production and in no way are indicative of the net income received by our farmers who are burdened with consistently high production costs. The final gross farm value of $96,935,479 is the largest in the history of the county. Yolo County can proudly boast of twenty crops, each with a million dollars or more gross value.

There is no doubt in our minds that unless adequate "stoop" labor is available to our farmers during the year 1965 there will be a substantial drop in the gross farm income for the year. This report, the highest in our history, is only possible because of the farmers who have produced these crops and have furnished the vital information contained herein to our agricultural inspectors. The annual crop report is considered of great importance to banks, manufacturers, railroads and other industries whose lifeline leads directly to the farm.

Very truly yours,

Herbert W. Chandler

Herb W. Chandler
Agricultural Commissioner

Herbert W. Chandler
Agricultural Commissioner
and
Sealer of Weights and Measures

John Watson	Deputy Agricultural Commissioner	Merle Grant	Pest Control Worker
George Dahl	Supervisor of Weights & Measures	Fred Jefferson	Pest Control Worker
Richard Mullican	Weights & Measures Inspector II	James Eddy	Poundmaster
William Comfort	Agricultural Inspector III	Albert Bacchini	Deputy Poundmaster
Raymcnd Perkins	Agricultural Inspector II	Glen Taylor	Deputy Poundmaster
William Stautler	Agricultural Inspector II	Ernest Schellert	Poundkeeper
Clarence Santos	Agricultural Inspector I	Riley O'Bryant	Predatory Animal Control
Charles Justus	Weed & Pest Control Foreman	Ralph Snyder	Predatory Animal Control
Joseph Luyet	Heavy Equipment Mechanic	Jean VonAlmen	Senior Account Clerk
Irvin Hertzberg	Pest Control Worker	Mary Reyes	Inter-Steno Clerk
Vernon Roberts	Pest Control Worker	Patricia Kolb	Inter-Steno Clerk

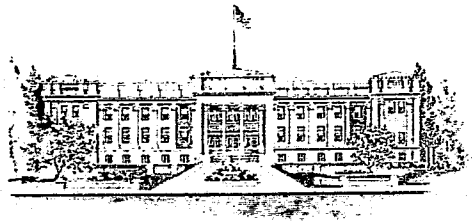
YOLO COUNTY AGRICULTURAL CROP REPORT

MAY 13 RT'D

HERBERT W NDLER
County Agricultural Commissioner
Sealer of Weights and Measures



DEPARTMENT OF AGRICULTURE
P.O. Box 175

COUNTY OF YOLO

Woodland, California

TO: The Honorable Charles Paul, Director
California Department of Agriculture

TO: The Yolo County Board of Supervisors
J. W. McDermott, Chairman
William E. Duncan — William W. Connor
J. Dudley Stephens — Sumner W. Combs, Sr.

Erwin W. Meier, County Executive
Woodland, California

Gentlemen:

I am pleased to present the 1965 Yolo County Agricultural Crop Report in accordance with Section 65.5 of the California Agricultural Code.

The gross value of production of $99,160,880 is the largest in the history of the county. Yolo County can proudly boast of eighteen crops, each with a million dollars or more gross value.

The enclosed statistics are gross returns and should not be mistaken as representing a measure of profit to the producer. Weather conditions during the harvesting of most of our major crops was ideal with the exception of an unusually severe north wind during October which caused considerable damage to many crops.

I wish to express my sincere appreciation to George Dahl, under whose direction this report was compiled, and to the farmers, producers and other organizations who supplied the necessary data and gave so generously of their time and efforts in making this report possible.

Very truly yours,

Herbert W. Chandler

Herbert W. Chandler
Agricultural Commissioner

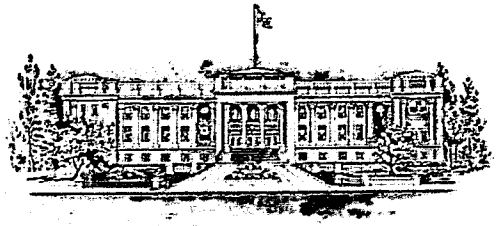
HERBERT W CH ER
County Agricultural Commissioner
Sealer of Weights and Measures



COUNTY OF YOLO

Woodland, California

DEPARTMENT OF AGRICULTURE
P.O. Box 175

TO: The Yolo County Board of Supervisors
J. Dudley Stephens, Chairman
William E. Duncan — William W. Connor
Joe Espigares, Jr. — Arthur H. Edmonds
Erwin W. Meier, County Executive

TO: The Honorable Earl Coke, Director
California Department of Agriculture

Gentlemen:

Enclosed is the 1966 Yolo County Agricultural Crop Report as required by Section 65.5 of the California Agricultural Code.

The gross value of production of $95,463,320 is $863,680 above the 1965 gross income figure of $94,599,640. Production and livestock values indicated in this report have often been misinterpreted as being an indicator of the farmer's prosperity. It must be emphasized that the enclosed statistics are the estimated gross returns and should not be taken as representing a measure of profit to the producer.

Over the years, production and operating costs have steadily increased while the value of farm products has shown only slight gains. Technological advances in farming practices have made it possible to increase production of the various farm commodities and only through these technical advances have the farmers been able to stay in business.

I wish to express my sincere appreciation to the farmers, producers and other organizations who have supplied the necessary data to make this report possible.

Sincerely,

Herbert W. Chandler
Agricultural Commissioner

COUNTY OF YOLO

Woodland, California

TO: The Yolo County Board of Supervisors
William W. Connor, Chairman
William E. Duncan — J. Dudley Stephens
Joe Espigares, Jr. — Arthur H. Edmonds
Erwin W. Meier, County Executive

TO: The Honorable Earl Coke, Director
California Department of Agriculture

Gentlemen:

Enclosed is the 1967 Yolo County Agricultural Crop Report as required by Section 65.5 of the California Agricultural Code.

The gross value of production of $85,592,430 is 9.9 million below the 1966 gross income figure of 95.5 million. Of the ten leading crops in 1966, only hay was able to show a slight gain during 1967 while the other nine fell below the prior years gross income.

The reduction of almost 10 million dollars in farm income can be attributed to two factors; lower prices being paid to the farmer for his products, and a long wet winter that prevented or delayed the normal planting of crops. The enclosed statistics are the estimated gross returns and should not be taken as representing a measure of profit to the producer.

I wish to express my sincere appreciation to the farmers, producers and other organizations who have supplied the necessary data to make this report possible.

Sincerely,

Herbert W. Chandler

Herbert W. Chandler
Agricultural Commissioner

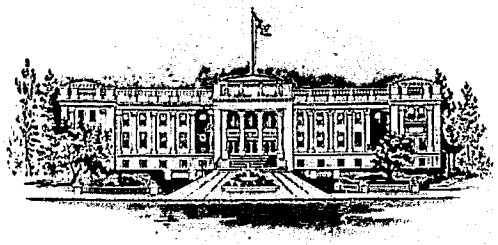
AGRICULTURAL CROP REPORT

APR 23 1969

YOLO COUNTY DEPARTMENT OF AGRICULTURE

HERBERT W. CHANDLER
County Agricultural Commissioner
Sealer of Weights and Measures



COUNTY OF YOLO
Woodland, California

DEPARTMENT OF AGRICULTURE
P.O. Box 175

The Honorable Jerry W. Fielder, Director
California Department of Agriculture

and

The Yolo County Board of Supervisors

Arthur H. Edmonds, Chairman
William E. Duncan — J. Dudley Stephens
Joe Espigares, Jr. — Raymond J. Bell
Erwin W. Meier, County Executive
Woodland, California

Gentlemen:

Enclosed is the 1968 Yolo County Agricultural Crop Report as required by Section 2279 of the California Agricultural Code.

Although the gross value of production figure of $93,544,620 represents a substantial gain over last years farm production, the gross returns to the farmers for the year 1968 falls $5,616,260 below the "all time high" production year of 1965.

With the exception of tomatoes, we still find the farmers receiving prices at or below what they received several years ago. As you read this report, may I remind you that the enclosed statistics are the estimated gross value of production for Yolo County and in no way represent the net income received by our farmers who are continuing to be burdened with higher production costs.

We wish to express our sincere appreciation to the farmers, producers and others who have cooperated with this department in contributing the information necessary to make this report possible.

Sincerely,

Herbert W. Chandler

Herbert W. Chandler
Agricultural Commissioner

mr

COUNTY OF YOLO

Woodland, California

DEPARTMENT OF AGRICULTURE
P.O. Box 175

The Honorable Jerry W. Fielder, Director
California Department of Agriculture

and

The Yolo County Board of Supervisors

William E. Duncan, Chairman
Arthur H. Edmonds — J. Dudley Stephens
Joe Espigares, Jr. — Raymond J. Bell
Erwin W. Meier, County Executive
Woodland, California

Gentlemen:

Enclosed is the 1969 Yolo County Agricultural Crop Report as required by Section 2279 of the California Agricultural Code.

The estimated 1969 gross farm production value of $86,243,910 is $7.3 million less than the 1968 production year due mainly to the $8.2 million drop in Yolo County's tomato crop.

During 1969, the farming industry again was confronted with spiralling production costs and marketing problems. Farm prices for grain crops increased, but fruit, nut and vegetable prices were down from the previous year. The figures in this report are the estimated gross value of production for Yolo County and do not represent the net income received by our farmers.

I wish to express my sincere appreciation to my staff, the Agricultural Extension Service, farmers, producers and others who have furnished the information necessary to make this report possible.

Sincerely,

Herbert W Chandler

Herbert W. Chandler
Agricultural Commissioner

mr

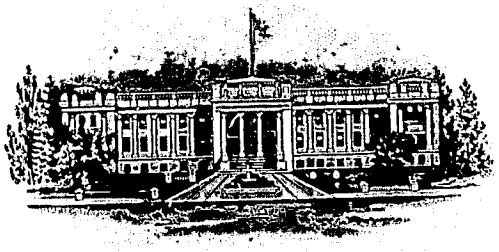
AGRICULTURAL CROP REPORT

YOLO COUNTY DEPARTMENT OF AGRICULTURE

HERBERT W. CHANDLER
County Agricultural Commissioner
Sealer of Weights and Measures



COUNTY OF YOLO
Woodland, California

DEPARTMENT OF AGRICULTURE
P.O. Box 175

The Honorable Jerry W. Fielder, Director
California Department of Agriculture

and

The Yolo County Board of Supervisors

Joe Espigares, Jr., Chairman
William E. Duncan — J. Dudley Stephens
Arthur H. Edmonds — Raymond J. Bell
Erwin W. Meier, County Executive
Woodland, California

Gentlemen:

Enclosed is the 1970 Yolo County Agricultural Crop Report as required by Section 2279 of the California Agricultural Code.

The estimated 1970 gross farm production value of $91,408,170 is an increase of $5,164,260 over the 1969 production year due mainly to increased production in field and orchard crops. The report will show that Yolo County continues to be a highly diversified agricultural county with 16 crops having a gross value of over one million dollars.

Although the report shows a higher gross value of production, bankers and other lending agencies hasten to point out that production costs continued to increase, thereby decreasing the farmers net margin of profit. The figures in this report are the estimated gross value of production for Yolo County and do not represent the net income received by our farmers.

I wish to express my sincere appreciation to the Yolo County Board of Supervisors and the County Executive for their continued support of the Yolo County Department of Agriculture. Also, I wish to express my sincere appreciation to my staff, the Agricultural Extension Service, farmers, producers and others who have furnished the information necessary to make this report possible.

Sincerely,

Herbert W. Chandler

Herbert W. Chandler
Agricultural Commissioner

mr
